I see your face when I
Close my eyes
When you're away I write stories about ya
In my mind
Cuz this love is one of a kind
All day I...

All day I dream about sexing you
(I been thinkin 'bout sexing you, baby)
All day I dream about sexing you
(Yeah, yeah, yeah)

When your lips touch mine
It only confirmed what I already knew
I found true love in you
See one time I tried to love her
Had my heart broken
I swore that I'll never love again, see
But you changed my mind
All day I...

All day I dream about sexing you
(Oh baby)
All day I dream about sexing you
(Oh baby)

See the way you make me feel
I just can't describe it
And I just can't deny it, oh baby
And I know that you want it
Don't know why you fight it
Baby oh, all...

All day I dream about sexing you
(Oh baby)
All day I dream about sexing you
All day I dream about sexing you
(Oh baby)
All day I dream about sexing you

Yeah baby craving your body
Bring your body to me
Kissing all your body
All day long I been feenin, feenin (I been feenin)
