

## Devil's Kiss

Ro James

Sleeping with the enemy  
Apparently I like it  
Everyday she killing me  
But I can't deny it  
Can anybody save me?  
I'm crying out for help  
I just don't wanna lose myself

And more drinking from a bottle  
Ain't gonna like this  
And oooh hardest pill to swallow  
Love never felt like this  
A kiss from the devil's lips

Anchor tied around my feet, yeah  
But we pretend we're swimming  
Your love ain't in the deep  
And continuously we're sinking  
Can anybody save me?  
I'm crying out for help  
I just don't wanna lose myself

Kiss from the devil's lips
