Ro James

There can never be another like you  
You're the only one in my eyes  
And if you try to leave, I'm gone find you  
Running through the back of my mind

I will search high and low, just to find you  
Even though should've never found you  
And I love what you've got on me baby  
Can't let you go, won't let you go

Pussy, money, weed  
Money, weed  
Money, weed - oh  
Pussy, money, weed - oh  
Money, weed

Never try to hurt you or harm you  
Well whenever you're around  
I am sometimes a little bit different, to please you  
You're the only one on my mind

I will search high and low, just to find you  
Even though should've never found you  
And I love what you've got on me baby  
Can't let you go, won't let you go

Pussy, money, weed  
Money, weed  
Money, weed - oh  
Pussy, money, weed - oh  
Money, weed

Do it for the money, for the pleasure  
Oooo do it  
Do it for the money

Pussy, money, weed  
Money, weed  
Money, weed - oh  
Pussy, money, weed - oh  
Money, weed
