

# Last Cigarette

Ro James

(Save the best for last  
And the past for the rest  
I'ma treat you like you're my last cigarette)

Looked her in the eyes, say goodbye  
This is my goodbye  
I walked through the door to explore  
Cause I wanted more reasons to be loved  
Blowing smoke out the window  
Baby there you go, didn't know what I was in for  
Uh uh, 'bout to start another day  
Hope it don't end the same way  
It could be good, it could be bad  
Long as it's better than the last  
We find love, yeah, I'ma treat you like you're my last  
We find love, because the first one didn't last as long as deserves  
We can make it through the hard times  
Cause baby I'll be good if you're mine

(Save the best for last  
And the past for the rest  
I'ma treat you like you're my last cigarette)

Turn your ass around, upside down  
Look what I've found?  
I think I've found my luck  
Don't you love me? Don't you love this, oh?  
Feel I've met your love, but what you're waiting for  
Baby, if it only matters I'd be here for you  
Uh uh, 'bout to start another day  
Hope it don't end the same way  
It could be good, it could be bad  
Long as it's better than the last  
We find love, yeah, I'ma treat you like you're my last  
We find love, because the first one didn't last as long as deserves  
We can make it through the hard times  
Cause baby I'll be good if you're mine

(Save the best for last  
And the past for the rest  
I'ma treat you like you're my last cigarette)

No way I'm a quitter, my life is better when I'm with you  
Promise this gon' be my last, you gon' be my last  
I don't want no other, I'm just doing because I love you  
Promise I'ma be your last, never leave you in the better  
We find love, yeah, I'ma treat you like you're my last  
We find love, because the first one didn't last as long as deserves  
We can make it through the hard times  
Cause baby I'll be good if you're mine

(Save the best for last  
And the past for the rest  
I'ma treat you like you're my last cigarette)
