

## Last Time

Ro James

What if I tell you too much?  
Hey baby

Tell me, when's the last time  
He noticed all your efforts  
Told you that you lookin' good today, baby  
Tell me, when's the last time  
He told you that he wants you  
And he's happy that he made you his lady  
Tell me, when's the last time, last time  
He made a reservation, just the two of you, baby  
Tell me, when's the last time  
It didn't feel like the last time (ooh, baby)

Nights off turn you on  
It's only right, no clothes involved  
It's out of sight climbing your walls  
I don't bite unless it's what you want (ooh, baby)

Little pretty bitty, sex in the city  
You deserved it all  
Told her that we gotta get away  
Now she all excited 'bout tomorrow  
I know you'll be going hard  
And baby you should realize  
Got a question for you, baby  
Can you tell me when was the last?

Tell me, when's the last time  
He noticed all your efforts  
Told you that you lookin' good today, baby  
Tell me, when's the last time  
He told you that he wants you  
And he's happy that he made you his lady  
Tell me, when's the last time, last time  
He made a reservation, just the two of you, baby  
Tell me, when's the last time  
It didn't feel like the last time

Fuckin', fuckin' with that nigga  
That's a setback  
Baby, you should ride with a real one  
Get your groove back, honey  
This is necessary, never missionary, ooh, ah  
We been making love with the roof back, shawty  
Take a minute to know 'bout the things that you like  
Does he let you know that I heard you the first time?  
About a million things I could do to make you smile  
But to me the things he ain't doing, girl, it ain't right

Little pretty bitty, sex in the city  
You deserved it all  
Told her that we gotta get away  
Now she all excited 'bout tomorrow  
I know you'll be going hard  
And baby you should realize  
Got a question for you, baby

Can you tell me when was the last?

Tell me, when's the last time  
He noticed all your efforts  
Told you that you lookin' good today, baby  
Tell me, when's the last time  
He told you that he wants you  
And he's happy that he made you his lady  
Tell me, when's the last time, last time  
He made a reservation, just the two of you, baby  
Tell me, when's the last time  
It didn't feel like the last time

Ain't no limit on you, baby  
(Ain't no ... limit)  
Super Soaker when I'm in it, baby  
(Splash when I'm in it)  
Make me wanna spend my whole life  
(Spend it, I'ma spend it)  
Make me wanna spend my whole life  
(Yeah, spend it, I'ma spend it)

Ain't no limit on you, baby  
(Ain't no ... limit)  
Super Soaker when I'm in it, baby  
(Splash when I'm in it)  
Make me wanna spend my whole life  
(Spend it, I'ma spend it)  
Make me wanna spend my whole life  
(Spend it, I'ma spend it)

Tell me, when's the last time  
He noticed all your efforts  
Told you that you lookin' good today, baby  
Tell me, when's the last time  
He told you that he wants you  
And he's happy that he made you his lady  
Tell me, when's the last time, last time  
He made a reservation, just the two of you, baby  
Tell me, when's the last time  
It didn't feel like the last time
