

Look Of Things (Outro)

Ro James

Baby baby babe, ooh ooh ooh, oh
Ooh oh, oh oh
Hmm hmm, hmm
Woohooohoo woo

We been fighting on repeat
Feeling like a broken record
We been going round in circles
All night
If we gon' make it to the gym
Then we gotta learn to play together
And our letters, words be so reckless
Every time we fight

'Cause from the look of things, babe
We just just might make it if
We keep shit simple
And try
Oh, from the look of things, baby
Let's not complicate
Just give me your best and take mine
One more time
One more time
We might have to do a shit a few more time, baby

I can see a better future baby
I see a better version of myself
I'll be a much better listener
I'll be way more attentive
I'll make sure every word you say is felt
So go on and take your time and think about it baby
Know what I'm saying is a hundred proof
And know when I give you my heart
I gave it forever
So I won't give you the deuces

'Cause from the look of things, babe
We just just might make it if we keep shit simple
And try
Oh, from the look of things, baby
(From the little things)
Let's not complicate
Just give me your best and take mine
One more time
One more time
(One more time)
We might have to do a shit a few more time, baby
From the look of things, oh oh
We just just might make it if we keep shit simple
And try
Oh, from the look of things, oh
Let's not complicate
Just give me your best and take mine

Take mine (Ooh ooh ooh)
Take mine (Ooh ooh ooh)
I'll take your issues baby

If you can take mine
Take mine (Ooh ooh ooh)
Take mine (Ooh ooh ooh)
Ooh ooh
