

## Plan B

Ro James

Oh, babe  
Put your keys on the counter  
Keep my eye on the clock  
Ain't no need to be nervous  
Girl, I just wanna talk (about)  
Love sometimes hurts you  
But we don't deserve it  
(But we don't deserve it)  
And we both searchin' for the one  
I understand

So if you can't find someone like me  
I'll be right here, baby  
I'll be right here, baby  
Don't stress it, we can always go to plan B  
You know that I deserve you

So tell me, can we plan?  
Come plan, I'm callin' for you  
Don't stress it, we can always go to Plan B  
Come plan, I'm callin' for you

I'ma probably hit your line  
I'ma have to slide and sit aside  
Know you ain't forget them nights  
So don't make me chase ya  
Know I gotta have that sexin' from you  
Every day ain't enough  
Shouldn't even be a question for you  
Girl, you know how we get down

Don't you need someone like me?  
I'll be right here baby  
I'll be right here, baby  
Don't stress it, we can always go to plan B  
You know that I deserve you

Oh, tell me, can we plan?  
Come plan, I'm callin' for you  
Don't stress it, we can always go to Plan B  
Come plan, I'm callin' for you

I know that we're focused on ourselves  
Ain't gotta run away this weekend  
Ooh, ooh  
As long as we remain friends  
Tell me, can we plan

Hit me like a lightning strikes  
Like 1999  
Back when the music was right  
Hit me like a heartbeat so fast  
Like a heart attack  
I don't know where you're at  
I don't know where you are  
Who do you think you are?  
Who do you think I think I am?
