

# Rain

Ro James

You assume I could hold you tonight  
Girl I need you here by my side  
Let's get nasty, let me inside  
Doing it again like last time  
Oh oh, oh oh

She got me all caught up  
Pouring like water  
Tonight  
She dripping wet  
Puddles on my lap  
Girl you're so tight

I want you to  
Rain down on me  
Baby don't stop (Don't stop)  
Give me what I need (I need)  
I want you  
Rain down on me  
Gimme all that you've got (You've got)  
'Til your well's empty  
I want you to rain down on me baby

Baby let your nature flow, I'm-  
Gonna make you have the time of your life  
Pace yourself 'cause I'll make you climb  
It's coming down like rain is alive  
Oh, oh oh

She got me all caught up  
Pouring like water  
Tonight (Oh oh)  
She dripping wet  
Puddles on my lap  
Girl you're so tight

I want you to  
Rain down on me  
Baby don't stop (Don't stop)  
Give me what I need (I need)  
I want you  
Rain down on me  
Gimme all that you've got (You've got)  
'Til your well's empty  
I want you to rain down on me baby

Baby drop down  
Baby, just let it, let it  
(Let it drop down baby)  
When it drop down  
Baby just let, let it  
(Ooh ooh ooh, ooh ooh, ooh)  
Yeah  
When it drop down  
Baby just let, let it  
(Let it drop it down on me)  
When it drop down

Baby just let, let it  
(Let it drop down on)

I want you to  
Rain down on me  
Baby don't stop (Don't stop)  
Give me what I need (I need)  
I want you  
Rain down on me  
Gimme all that you've got (You've got)  
'Til your well's empty  
I want you to rain down on me baby

I want you to  
Rain down on me  
Baby don't stop (Don't stop)  
Give me what I need (I need)  
I want you  
Rain down on me  
Gimme all that you've got (You've got)  
'Til your well's empty  
I want you to rain down on me baby
