

Too Much

Ro James

Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much

I've been searchin' for too long to let it go
You were the prescription to my antidote
Memories in my head, they get to frame my mental
Tend to think about it when I'm movin' dolo

Try to keep it cool, try to keep it kosher
Until we fall right back into the same motion
Ooh, it's the same motion
Ooh, and if I never told you

There's no one that I trust like you
Ooh, we both ain't shit, you know it
Ooh, you know you ain't shit, you know it
Ooh
There's no one that I trust like you
Ooh, you know we ain't shit, you know it
Ooh, you know we gettin' rich, you know it
Ooh

Is it too much?
Wonder, how much more of this can I take?
Is it too much?
Wonder, how much more of this can I take?
Is it too much?

Time to treat love like it's real estate
Girl, let's build this up and make our great escape
You say you want relationship like Bee and Jay
Know that could be us, but, baby girl, you playin'

Just one text, fuck around and relapse
We say we're done and then we're runnin' right back
Always ready for sex when we know that it's a trap
They don't love me like you do, and that's a fact, girl

No one that I trust like you
Ooh, we both ain't shit, you know it
Ooh, you know you ain't shit, you know it
Ooh
There's no one that I trust like you
Ooh, you know we ain't shit, you know it
Ooh, you know we gettin' rich, you know it
Ooh

Is it too much?
Wonder, how much more of this can I take?
Is it too much?
Wonder, how much more of this can I take?
Is it too much?
Wonder, how much more of this can I take?
Is it too much?
Wonder, how much more of this can I take?

Is it too much?

Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
