

Remember back in the days my daddy gave me a Caddy  
Old heads used to look at me funny  
I didn't know to keep it original  
I was driving one day  
I met a girl named Candy  
Opened my heart and she did me dirty  
She didn't know  
No she didn't know oh

When I was 19...  
Slamming Cadillac doors (When I was 19)  
Fucking in the backseat no where else to go (When I was 19)  
Men come knocking on my window (When I was 19)  
Remember on Friday when yo mama got paid (When I was 19)  
Drive to Chicago  
50 dollars in the tank (When I was 19)  
But didn't bring the bud (When I was 19)  
We just be having fun (When I was 19)  
Remember the days when you were young and dumb? (When I was 19)  
Remember the days when you were young and dumb? (When I was 19)

Remember when we used to rush to fuck  
Pushing to hard and we felt the Trojan bust?  
Having my baby  
She having my baby  
Broke my mother the news  
Never seen her so mad  
Hurt in her eyes  
Never seen her so sad  
Mama I'm sorry, mama I'm sorry oooh
