

Pop Muzak

Roachford

I never thought I would say this
But it seems I was wrong
'Cause since I met you girl, I've had a feeling that is so strong
It's taken so long to realize what I have
So don't get me wrong when I say these words to you, baby

Your love is like my favorite pop music
Coming out the radio sound
And if I tried I couldn't refuse it
It lifts me when I'm feeling down
Your touch is like a sweet soul melody
I'm a junkie for your stuff
And since I've been in tune with you, girl
I can't seem to get enough

I was so wrapped up in myself
To notice that you were there
Spent my time in situations that were leading nowhere
It's taken so long to realize what I have
But now that I know I wanna spend my life with you

Your love is like my favorite pop music
Coming out the radio sound
And if I tried I couldn't refuse it
It lifts me when I'm feeling down
Your touch is like a sweet soul melody
I'm a junkie for your stuff
And since I've been in tune with you, girl
I can't seem to get enough
