You Do Something To Me

Roachford

You do something to me
Something deep inside
I'm hanging on the wire
For love I'll never find

You do something wonderful
Chase it all away
Mixing my emotions
Throws me back again

Hanging on the wire
And I'm waiting for the change
I'm dancing through the fire
Just to catch a flame an' feel real again

Yeah man
Oh oh oh
Something
Oh oh oh

Hanging on the wire
Said I'm waiting for the change
I'm dancing through the fire
Just to catch a flame, an' feel real again

Because you do something to me
Somewhere deep inside
Hoping to get close to me
A peace I cannot find

Dancing through the fire
Just to catch a flame
Just to get close to
Just close enough, baby, to tell you that

You do something to me
