

LOUD

ROAM

L, O, U, D, loud I wanna be loud
L, O, U, D, loud I wanna be loud

I can tell you the way of the world
Isn't everything it cracked up to be
I can find you a hundred different ways
To happiness, but none are free
I could find you a piece of me that isn't dead inside
But it would take a while
So gather round, settle down
That's the sound of a fire starting in me

L, O, U, D, loud I wanna be loud
L, O, U, D, loud I wanna be loud
Loud, loud, loud I wanna be

I could be who you see when you
Turn on your TV, it's easy to be
I could lie, I could try to provide a reason
But that's not me
Yeah, I could find you a piece of me that isn't dead inside
But it would take a while
So gather round, settle down
That's the sound of fire starting in me

L, O, U, D, loud I wanna be loud
L, O, U, D, loud I wanna be loud
Loud, loud, loud I wanna be

I know I'm tired and I started all these fires for nothing
I know I'm tired and I started all these fires for nothing
I know I'm tired and I started all these fires for nothing
I know I'm tired and I started all these fires for nothing, nothing,
nothing, nothing

L, O, U, D, loud I wanna be loud
L, O, U, D, loud I wanna be loud
Loud, loud, loud I wanna be
Loud, loud, loud I wanna be
