

# Play Dumb

ROAM

Going nowhere  
I know ignorance is bliss  
So just take your time I think you'll find  
You don't swing, you can't miss

Going nowhere  
I know ignorance is bliss  
So just take your time I think you'll find  
You don't swing, you can't miss  
Am I alone here  
Wanting more and getting less?  
Yeah the view outside is deafening  
And I've gone deaf

So go ahead and water me down  
Go ahead and water me down

Would it be better if we all played dumb?  
I think it's safe to say  
When you're the shadow you've been running from  
Nowhere is safe  
All this time we're fading  
Trying to find a way to get out  
Would it be better if we all played dumb?

Would you walk on your knees  
Just to know what I mean?  
To be so incomplete everyday  
Does it feel more obscene  
To believe in a dream  
Than to flow in a place in between?

So go ahead and water me down  
Go ahead and water me down

Would it be better if we all played dumb?  
I think it's safe to say  
When you're the shadow you've been running from  
Nowhere is safe  
All this time we're fading  
Trying to find a way to get out  
Would it be better if we all played dumb?

Float away, float away  
Float away, float away  
Float away, float away  
Float away, float away

Would it be better if we all played dumb?  
I think it's safe to say  
When you're the shadow you've been running from  
Nowhere is safe  
All this time we're fading  
Trying to find a way to get out  
Would it be better if we all played dumb?
