Set The Standards

ROAM

The promise of nothing would be enough,
I want nothing from you, cause that's all you've built up,
You're burning bridges to the ground.
And there's no common ground no more,
And I hear they call you a (OH)
Is that what you are now?
I'm finding it hard but.

And sometimes we fall down,
But that's not to say that its not your fault.
Crushed down till we drown,
The waves won't pull us under now.
And sometimes we fall down,
But that's not to say that its not your fault.
Crushed down till we drown,
The waves won't pull us under now.

If you're looking for an easy way out,
You're going nowhere fast,
You're only lying,
to yourself,
If it's worth fighting for.
And I always thought you were the one to,
Set the standards.
Are you going home tonight?
Will you sleep alright?

And sometimes we fall down,
But that's not to say that its not your fault.
Crushed down till we drown,
The waves won't pull us under now.
And sometimes we fall down,
But that's not to say that its not your fault.
Crushed down till we drown,
The waves won't pull us under now.

Are you going home tonight?
Did he tell you like I did?
