Variable

ROAM

I did my best for you,
But it was not enough,
Everything fell through,
I wish it hadn't but,

I took the high road and never looked back now,
I took the high road and never looked back again.

But you'll never know,
What you meant to me, (this generation continues to amaze me)
And though I'll never show,
The things I never meant you to see.
Take me back to what we used to be,
Show me the person that I used to see.

I wanna see the other side,
Take a step back, look at yourself now do you recognise,
Yourself in what you've become,
And our things are all said and done,
Now its over,
Now its over.

I'm taking it back again,
Talked to another of your friends,
She said it's not the first time,
I guess I'll go on without you,
But I don't wanna go without you.

But you'll never know,
What you meant to me, (this generation continues to amaze me)
And though I'll never show,
The things I never meant you to see.
Take me back to what we used to be,
Show me the person that I used to see.

I wanna see the other side,
Take a step back, look at yourself now do you recognise,
Yourself in what you've become,
And our things are all said and done,
Now its over,
Now its over.

Show me the person you want to be,
These false pretences don't fool me,
Your lies are causing consequences.
I'll call it counter-intuitive,
I'm not saying it's you,
Or that I was warned to,
Stay away.

I wanna see the other side,
Take a step back, look at yourself now do you recognise,
Yourself in what you've become,
And our things are all said and done,
Now its over,
Now its over.
