

# Obvious

ROAR

Brazen in our prime  
Tie up a phone line  
America online  
Blind-sided decline

Guess we missed every sign  
Were we dead the entire time?

Obvious to anyone else, but nothing we could see

Whether by freewill or whether by fate  
Sometimes the thing that you see is just cake

Humbled and blessed in the face of evidence  
"Tell it like it is!" cries out the audience

Obvious to anyone else, but nothing we could see  
Obvious to anyone else, but nothing we could see
