

## Positive Vibes Only

ROAR

To be honest, I couldn't live your life  
But you survived  
Became a friend of mine  
Blessed us with a little time

Rain down on me  
Positive vibes only  
Nostalgia golem a memory

Staring at the meat you had refused to eat  
It never occurred to me  
Had you felt your own pity?

If you can see me  
Positive vibes only  
Nostalgia golem a memory
