

The Vulture And The Void

ROAR

I felt betrayed by
My own insides
And I felt shame when I prayed that you'd die

I don't wanna feel anything at all
If I don't have to
I don't wanna feel anything
If I don't have to
Cause you can be so cruel

I should patient
And if the ancient
Carry in my wayward son

But I don't wanna be anything at all
If I don't have to
I don't be in anything
If I don't have to

Nothing's nothing too
Nothing's nothing too
Nothing's nothing too
Nothing's nothing too
Nothing's nothing too
Nothing's nothing too

(Nothing's nothing too...)
