

Pocket Change

Rob Baird

Where's my Studebaker
I'm nobody's pocket change
Okay oh when you want to throw around in some card game
[?] need to save your ass
Where's my Studebaker
I'm nobody's pocket change
I don't want to love you anymore

Where's my horse and carriage
I'm gonna get my head on track
[?] hell's no more thinking, a [?] hour glass
Like the posters at the pictures show
Don't they have it all?
Where's my Studebaker
I'm nobody's pocket change
I don't want to love you anymore

Are you ever gonna leave me
Are you ever gonna leave me now
Are you ever gonna leave me
Are you ever gonna leave me now
I don't want to love you anyhow

Are you ever gonna leave me
Are you ever gonna leave me now
Are you ever gonna leave me
Are you ever gonna leave me now
I don't want to love you anyhow

Where's my Studebaker
I'm nobody's pocket change
Okay oh when you want to throw around in some card game
I said [?] putting me on and who do you think you're talking to
Where's my Studebaker
I'm nobody's pocket change
I don't want to love you anymore
I don't want to love you anymore
I don't want to love you anymore
