

# When I Go

Rob Baird

When I go  
Put me on a fast train  
All steel and lightning  
When I go

When I go  
Gonna cross them badlands  
I'd be riding on a wild wind  
When I go

When I go  
I'll be leaving on a faded dream  
Gonna fly on broken wings  
From the sorrows that I know  
When I go  
Gonna walk them golden streets  
Gonna feel you next to me  
And I'll be home  
Oh when I go

When I go  
Gonna shake them lonesome blues  
I'm coming straight to you  
It's been a cold, cold winter in this old house  
Ever since your fire burned out so long ago

When I go  
I'll be leaving on a faded dream  
Gonna fly on broken wings  
From the sorrows that I know  
When I go  
Gonna walk them golden streets  
Gonna feel you next to me  
And I'll be home  
Oh when I go

When I go  
I'll be leaving on a faded dream  
Gonna fly on broken wings  
From the sorrows that I know  
When I go  
Gonna walk them golden streets  
Gonna feel you next to me  
And I'll be home  
Oh when I go

When I go  
Put me on a fast train  
All steel and lightning  
When I go

When I go  
Leaving everything I ever knew  
I'm coming straight to you  
When I go
