

# Won't Ever Change

Rob Baird

Winners they don't like to lose  
Brick walls they don't like to move  
Mondays they don't like bad news  
That won't ever change  
That won't ever change

Cold north wind she likes a fire  
Highway loves a singing tire  
You're the one that I desire  
That won't ever change  
That won't ever change

You can run out of words to say  
Through the midnight to the break of day  
I will wait for you  
Oh I will wait for you  
That won't ever change  
That won't ever change

You can run out of words to say  
Through the midnight to the break of day  
I will wait for you  
Oh I will wait for you  
That won't ever change  
That won't ever change

Never been the kind to lose  
I ain't gonna start with you  
Just know you're the one I choose  
That won't ever change  
That won't ever change  
That won't ever change  
That won't ever change
