

# Ghost

Rob Cantor

Does anybody else see the ghost standing in my door?  
Waiting in the dark like a lion, what's he waiting for?  
We talk about it like it's better, but this will never go away

'Cause he don't wanna live and he don't wanna die  
He don't wanna lose and he don't wanna try  
He don't wanna stay but he don't wanna leave tonight

Ah, aah ah-ah  
Ah, aah, aah  
Ah, aah, aah  
Ah, aah, aaah

Everywhere I go, like a lost light looking to be seen  
There's a bright pair of eyes in the glass staring back at me  
Everybody's house is haunted, and everything will go to grey

'Cause we don't wanna live and we don't wanna die  
We don't wanna lose and we don't wanna try  
We don't wanna stay and we don't wanna leave tonight

Ah, aah ah-ah  
Ah, aah, aah  
Ah, aah, aah  
Ah, aah, aaah  
Ah, aah ah-ah  
Ah, aah, aah  
Ah, aah, aah  
Ah, aah, aaah

Does anybody else see the white star stepping at my side?  
It doesn't make a track like a shadow, never breaking stride

He don't wanna live, he don't wanna die  
He don't wanna lose and he don't wanna try  
He don't wanna stay and he don't wanna leave tonight

Ah, aah ah-ah (Whoaaaaa oooh oh oh)  
Ah, aah, aah  
Ah, aah, aah (Whoaaaaa oooh oh oh)  
Ah, aah, aaah  
Ah, aah ah-ah (Whoaaaaa oooh oh oh)  
Ah, aah, aah  
Ah, aah, aah (Whoaaaaa oooh oh oh)  
Ah, aah, aaah  
Ah, aah ah-ah (Whoaaaaa oooh oh oh)  
Ah, aah, aah
