

# Goodbye

Rob Mills

Well I'm hearing the voice inside my head again  
It's just like the time, and the time before that  
Well I let it go and I should have known  
When you, you said the three words and you freak me out  
And I was too blind to see what you're doing to me

What you talk about is different to what I hear  
You're making love that's not there

So goodbye, it's over  
I'm taking the TV  
So goodbye, it's over  
Yeah, just like that  
No please come overs  
Can't take this anymore  
o goodbye, it's over, yeah

Remember the night you came in through my room  
You said that you wanted to talk  
But it's you that was talking  
I was a sleeping  
And you, have all ready got this figured out  
Well I am up and I'm down 'cause you turn it around, yeah

What you talk about is different to what I hear  
You're making love that's not there

Goodbye, it's over  
I'm taking the CD's back  
So goodbye, it's over  
Yeah, just like that  
No please come overs  
Can't take this anymore  
So goodbye, it's over

Well I've heard the same old lines  
Time after time  
This is what I'm saying  
Not going under  
I'm leaving you now  
And this is what I'm sayin

Goodbye, it's over  
Not taking this anymore  
Goodbye, it's over  
I'm showing you the door

Just like the time and the time before that,  
I let it go and I should'a known

When I was down I was too blind to see,  
You were pissin me off, now it's time that you leave.
