

# Face One

Rob Stone

Just hit texas  
What's next?  
I just give it my best  
I'm in game straight hoggin'  
Representing the west  
In the game stay ballin'  
Like I play for the Nets

I could play for the Jets  
Steady boarding these jets

Let her pour the Moet  
And I'ma roll sum'n  
Let her give me the neck  
While I smoke one

I'm the first one to do it  
Show the people the way  
But they don't listen to my words  
Just compete for my place

But hey

How it be  
But I gotta keep it G  
From the city by the beach  
Don't be thinking shit sweet

It get deep in the streets  
Money deep up in my jeans

Shooting 3's  
You just see me from the seats

I'ma full blown beast  
With the team I feast  
Ever car so clean  
All the broads jump in

Can't hold my sins  
Got to face em  
But let me roll something first  
Got to face one

All money in  
How it is  
Got to feed my kid  
Got to show him how to live

Can't hold my sins  
Got to face em  
But let me roll sum'n first  
Got to face one

All money in  
How it is  
Got to feed my kid

Got to show him how to live

Can't hold my sins  
Got to face em  
But let me roll sum'n first  
Got to face one

I'm a God in the flesh  
KD at his best

I'm a King  
Gold rings  
Diamonds swing on my neck

Lil' pornstar Queen want to see me  
So bet!  
I'm in HTX but her city up next

Straight skating  
All around the globe  
Trying to get paid  
Got a phone full of hoes

25 [?]  
Grind all a nigga know

Brand new Bape  
All a nigga clothes

Yeah

I got to leave em some real though  
I got tp show him more than money  
Got to build bro

Like how to hold the family down  
And give em real hope  
How we never backing down and check a chin tho

All money in  
How it is

Got to feed my kid  
Got to show him how to live

Can't hold my sins  
Got to face em  
But let me roll sum'n first  
Got to face one

All money in  
How it is

Got to feed my kid  
Got to show him how to live

Can't hold my sins  
Got to face em  
But let me roll sum'n first  
Got to face one
