Baby, yeah let me talk to you  
Dance with no walkthrough  
Do my grown man for you  
Hold my hand, baby, talk to me  
Spill out all your thoughts to me  
Girl, let me talk to you  
Let me be there in the dark  
Hope you etch me in your heart  
Hope you remember where it start at  
Remember where we grew apart at?  
Why you treat me like a doormat?
