

Shots At The Bar

Rob Stone

Shots at the bar, no chaser
Got my hands in her bra, no patience
Lit like a star, I'm famous
Dip in the Frog, I'm swangin'

Shots at the bar, no chaser
Got my hands in her bra, no patience
Lit like a star, I'm famous
Dip in the Frog, I'm swangin'

Got a side bitch swingin' both ways
I can't stop, I been drinking all day
On my mama, I been living what I say
Out the bottle I been drinking Düsse, hey
Full throttle, I ain't ever gon wait
On mamas, all my niggas want Wraiths
On God, I keep a gun on my waist
Never know who got a plot in your face

Takin' shots at the bar, no chaser
Got my hands in her bra, no patience
Lit like a star, I'm famous
Dip in the Frog, I'm swangin'

Shots at the bar, no chaser
Got my hands in her bra, no patience
Lit like a star, I'm famous
Dip in the Frog, I'm swangin'

No more homies, niggas stay switching
I only got my day ones cause they can't switch up
I just got a foreign, let the paint drip, yuh
Talking down on \$tone, will getcha gang lit up
We supposed to ball my haters say this luck
And I would take her on a date but I can't slip up
And \$tone up in this bitch, these other niggas on the same shit
Shots at the bar, blue hunnids in the basement
If I'm at your bitch, then you know she gone let the gang hit
And tell them boys don't say shit, aye

Shots at the bar, no chaser
Got my hands in her bra, no patience
Lit like a star, I'm famous
Dip in the Frog, I'm swangin'
