

# Too Faded

Rob Stone

Ay, ay, ay

I been getting too faded  
Flirting with a bitch too brazy  
In a tail getting bent no chaser  
All the hoes no chasing  
Smoking out the wood no paper  
I dipped from the bitch  
What flavour she a dud  
Won't say it  
I don't love the bitch I hate her  
Yeah I'm taking risks  
I'm taking what I'm living  
Like greatness  
Can't understand my haters  
I can't understand if it ain't about paper  
Moves greater  
Stepping on a bitch white gators  
When she dancing on my dick  
Can see her hips stop shaking  
I'mma take in this spasm until my dick start aching  
I'mma pass enough back there and a bitch I'm dating

Woah 50 grand in the rental  
Big boss man, big bands from the business  
New Corvette for my mans when we get it  
I been saying go the side, go stay when we winning  
Yeah lady, woah

I can't hear what you sayin' (what?)  
Can't give a fuck what you think  
I'm way too faded  
I been sipping my drank  
Smoking all night with my gang  
Getting hit with my gang  
Licking that model cute face  
Drinking out the bottle D'usse  
Now I'm on a whole new wave  
I can't hear what you sayin'  
Can't give a fuck what you think  
I'm way too faded, faded, yeah  
I'm getting too faded (faded, too faded)  
I'm getting too faded (faded, too faded)  
I'm getting too faded (faded, too faded)

P-Low I'm too cocky, ooh  
Chef put the rich young habachi, ooh  
Jesus I sleep with no hockey  
Make your girl get loaded  
You already know the  
The girl from the Bay downright testy  
All the bad bitches call me sexy  
Bitch I'm the number one requested  
She whisper in my ear  
Told me let's dip (skrrrrt, skkkkrt, skrrrt) aye  
Yo, so I dashed back there  
No I can't I can't trickle nuts, aye

I just put it on the top layer  
Coupe, showed her tits, top player  
Bitch we nut there  
We the real ones  
Got the whole shell locked  
Got it sealed up, yeah  
Yo I'm funding this bitch though  
If she ain't got no funds  
Let the bitch go, aye

I can't hear what you sayin' (what?)  
Can't give a fuck what you think  
I'm way too faded  
I been sipping my drank  
Smoking all night with my gang  
Getting hit with my gang  
Licking that model cute face  
Drinking out the bottle D'usse  
Now I'm on a whole new wave  
I can't hear what you sayin'  
Can't give a fuck what you think  
I'm way too faded, faded, yeah
