

Christmas Time

Rob Thomas

We waited all through the year
For the day to appear
And we could be together, in harmony
You know the time comes
Peace on earth for everyone
And we can live forever
In a world were we are free
Let it shine for you and me

Something about Christmastime
Something about Christmastime
Makes you wish it was Christmas everyday
See the joy in the children's eyes
The way that the old folk smile
Says that Christmas'll never go away

We're all as one tonight
And in (head) we'll be alright
Cause we can sing together, in harmony
And I know it's not too late
World will be a better place
If we could keep the spirit
More than one day a year
Send the message loud and clear

Something about Christmastime
Something about Christmastime
Makes you wish it was Christmas everyday
See the joy in the children's eyes
The way that the old folk smile
Says that Christmas'll never go away

It's the time of year everyone's together
Celebrate here on Christmas Day
When the ones you love are there
You can feel the magic in the air
You know it's everywhere

Something about Christmastime
There's something about Christmastime

Something about Christmastime
Something about Christmastime
Makes you wish it was Christmas everyday
See the joy in the children's eyes
The way that the old folk smile
Says that Christmas'll never go away

Something about Christmastime
Something about Christmastime
Makes you wish it was Christmas everyday
See the joy in the children's eyes
The way that the old folk smile
Says that Christmas'll never go away
