

It's Only Love

Rob Thomas

Call off the dawn
'Cause I'm wide awake and can't seem to move on
I can't be alone with myself
And I can't find the way on my own

And I'm not the kind to be scared of an ending
I know that we're all that we've lost
I'm not the one to hold on to the memories
I know that the future could tear us apart

It's only love
It's hard to believe when it's said and done
You cry when you think that you've had enough
It's only love

I lie and I wait
I'm scared of the thought of facing a new day
I can't see the end in my head
But I know that it starts out this way

And if all these roads
Don't lead you home

It's only love
It's hard to believe when it's said and done
You cry when you think that you've had enough
It's only love
It's only love

All that we had and all that we've lost
Comes down to now, we're moving so slow
It happened so fast, maybe it's all we had

It's only love
It's hard to believe when it's said and done
You cry when you think that you've had enough
Yeah, it's only love
It's only love
