

# Machine

Rob Thomas

Now here we go  
This is who we are  
On a dead end road in a stolen car

Burning daylight  
Bathed in starlight  
Scared of all the in between  
Starting fires  
Chasing monsters  
Running from the things I've seen

So start me up  
I'm gaining steam  
I'm on a roll let it go  
You should believe  
I'm screaming light  
I guarantee  
I'm in control  
I'm a machine

I'm a machine, machine, machine...  
(I'm a machine, machine, machine...)

I keep my fire to the fuse  
So I'm never scared of burning out  
I keep on breaking loose  
Until I'm breaking down

Can you hear me  
Are you near me  
Does it phase you  
Do you fear me  
Do you need me  
Can you feed me  
I'm burning everything around me

So start me up  
I'm gaining steam  
I'm on a roll let it go  
You should believe  
I'm screaming light  
I guarantee  
I'm in control  
I'm a machine

I'm a machine, machine, machine...  
(I'm a machine, machine, machine...)

Sometimes  
I think I'm holding it back  
Sometimes  
I think I'm holding it back  
And I steady keep it all on track  
From the start to the time I react

So start me up  
I'm gaining steam

I'm on a roll let it go  
You should believe  
I'm screaming light  
I guarantee  
I'm in control  
I'm a machine

I'm a machine, machine, machine...  
(I'm a machine, machine, machine...)
