

Angels vs. Demons

Rob Vicious

Angels versus demons

We all up in the streets for different reasons

My nigga said fuck that bill like he just lost his hope
Ain't even get a chance to take my killa across the globe
Tryna find my scale so I can resell all this fuckin' dope
Takin' all them L's that's how we tell that you a fuckin' joke
And these streets is all they know so I'm gon' show 'em all
I try to take care of my folks shit had me goin' broke
Put a few bags on that shuttle and I'm gon' get it back
Sit back and watch yo nigga struggle how the fuck you live with
that?

Yeah yeah yeah yeah

(Yeah)

Gotta switch my hustle every season

These niggas ain't seen no big money I'm really eatin'
You the type of nigga gon' get money or you really leechin'
Step yo game up in that man but that don't make us even
Niggas'll switch up for that bag I swear I hate to see it

Where we used to hit licks
I can't believe this shit
All I know is I been geekin' don't really do no sneakin'
Right now don't think my heart is beatin' I really hope I'm dre
