

Cease to Exist

Rob Zombie

Die to live
The grand illusion
Step into
mass delusion
Creep inside
And crawl around it
The one within
is the one who found it

Cease to exist
Your mind is breaking free

Everlasting
Ghosts to follow
Enemies
That beg and borrow
Pretty poison
Black as morning
Break it down
Without warning

Cease to exist
Your mind is breaking free

Keep all hands inside
While riding this ride
You must be so high
To ride the dark ride
All you want's inside
Inside the dark ride
Keep all hands inside
While riding this ride
Keep all hands inside
While riding this ride
You must be so high
To ride the dark ride

Cease to exist
Your mind is breaking free
