

Get Loose

Rob Zombie

Get loose
You wanna fuck a star
Get loose
I don't know who you are
Get loose
A freak in silver pants
Get loose
I know you wanna dance

Do you dream with sharpened teeth?
Give me the right stuff
Give me the right stuff
Do you question all belief?
Give me the right stuff
Give me the right stuff
Do you charm the sorcerer?
Give me the right stuff
Give me the right stuff
Do you love the murderer?
Give me the right stuff
Give me the right stuff

Get loose
Until you see some skin
Get loose
And let the wrong one in
Get loose
Until the world turns black
Get loose
I got a wolf on my back

Do you dream with sharpened teeth?
Give me the right stuff
Give me the right stuff
Do you question all belief?
Give me the right stuff
Give me the right stuff
Do you charm the sorcerer?
Give me the right stuff
Give me the right stuff
Do you love the murderer?
Give me the right stuff
Give me the right stuff

We're all dirty
So filthy
We're all dirty
Leave us alone

We're all dirty
So filthy
We're all dirty
Leave us alone
