

## Punks And Demons

Rob Zombie

Satan, Satan, Satan, Satan  
Satan, Satan, Satan, Satan

Tokyo encased in ice  
The führer has his bride  
The life and times of Johnny Eck  
Deny yourself and open wide

Punks and demons  
Satan, Satan  
Keep on, bleed on  
Satan, Satan  
Punks and demons  
Satan, Satan  
Keep on, bleed on  
Satan, Satan, Satan, Satan  
Satan, Satan, Satan, Satan

The new aesthetic of ugliness  
Nothing, now we ride  
The myth has no substance left  
A failure amplified

Punks and demons  
Satan, Satan  
Keep on, bleed on  
Satan, Satan  
Punks and demons  
Satan, Satan  
Keep on, bleed on

All the girls, passion and death  
The great Satan rides  
Objects of fear, thus they kill  
The great Satan rides

Punks and demons  
Satan, Satan  
Keep on, bleed on  
Satan, Satan  
Punks and demons  
Satan, Satan  
Keep on, bleed on
