

I always knew I was gonna cheat and make my girl leave  
I'm tryna boss up my whole life, but I still sell weed  
In the back of the Rolls Royce truck I'm still clutching  
I know it's bulletproof, but I ain't going  
Presidential Rolex, icebox iced out  
I be on some pimp shit  
Kick a nigga lights out  
Mouth shut, he in the car rumbling but he ain't said nun  
I been in the house a month straight, I heard the feds coming  
Many men wish death upon me  
And I don't know why, but imma handle it  
I started rapping, moved my momma out the trenches  
I'm dressed in Gucci head to toe like I'm a mannequin  
Imma dawg nigga  
And imma trap nigga  
And imma rap nigga where the sack be  
I'm tryna grind and put New Orleans on the map, nigga  
Tryna win and put my brodie on a sack  
I'm the realest nigga, they gonna tell you bout me  
Foe got a bag, he treat a model bitch like anybody  
I'm on my crime and I'm wild cause I'm a ghetto child  
She got a job, her pussy good, I'm bout bust her down

Alright

Trapper of the year alright  
Savage of the year alright  
Money making Mitch alright  
Big tycoon alright  
Ace boom corner alright  
Savage in my blood alright  
Trapping in the school

Niggas crazy as the fuck  
I'm too wavy  
I'm tryna nail him to the ground, I catch him playing  
I sit with rich niggas, ion play with fakers  
You niggas faking

I'm the one who turnt up my whole city  
I could take a nigga out the trap and show him how to touch a milly  
Got hustlers who still be in the kitchen  
I'm tryna change they life but they want faster put they money on they bitches  
I make gettin money music not no trill music
