

Birdman Pass The Torch

Rob49

Nephew, like, if you from the Biddy, niggas lose it
Lot of niggas get killed where we come from
I wan' see you stand, don't let that shit happen
You can't let nothin' happen to you
Before we let somethin' happen to you, we gon' make some happen
to a nigga
That's just what built on
And we ain't playin' no games with no nigga
Any nigga out of line, we got to step
Lil 49 I want see you do yo' thug, we up and we ridin' with it
Uptown, downtown, it's that lifestyle (Bratt)
That's on Ms. Gadyss boy
We play to pimp, and how to pimp it's supposed to be played
That way, no other way
Size me up, guaranteed you gon' lose, nigga
Bratt, bratt, bratt
Pussy
