

Give U Some

Rob49

Yeah

Yeah, he took me to it
Then he took me to it
Told me bend that ass over
Yeah, he took me to it
Yeah, he took me to it
And told me bend it over
Aye, look
Ooh, yeah

Bounce up on that dick, wobble it, give me all of it
Grab up on them ankles, buss it down, ride on top of it
Said he like it slow, look up at him, use a lot of spit
If it wasn't for a plan b, I'd have a lot of kids
Like my nigga nasty like Lil Boosie and Big Latto
Ass move like Jello, but the waist look like a model
Instagram ain't the only time they'll follow
Ass get the clapping, Showtime at the Apollo

Yeah, he took me to it
And he took me to it
Aye and told me bend it over
Aye and told that ass bend it over

Real slut nigga
Only thing I want is head, I don't wanna fuck with ya
You thought I loved you, I didn't
I trust you, I didn't
Girl, keep it P, don't want the world in my business
Aye Lebra, stop teasing
Let me see something
Come and slut me out, I'm trying to eat it
I'ma do whatever, I don't care, you gotta tell me
Trying to hold it in, but I can't lie, a nigga cooking
I took her to my crib
The house where my mama live
Then I took her to my room
Said, "bend it over baby give me some"
I took her to my crib to have some sex
She trying to give me that neck 'cause she was full of that X
Talking 'bout that girl who them niggas know
She out the Wale like no, she out the Calliope

Yeah, he took me to it
And he took me to it
And told me bend it over
Told that ass bend it over

Yeah
Ride him from the front, then the side, lift the leg up
Told him, "when I'm riding on your face, keep your head up"
Neighbors said we loud, turn it down, they trying to beg us
Legs to the ceiling, play that Jeezy, he gon' tear it up
Bet I have Rob run it back like the 49ers
Man, I'm so player they should put me in the finals
Little pretty ass bitch, lot of ass sit behind me
Nigga if you say you looking for me, come and find me

Talking 'bout what you gon' do, you know it's cap, just a rap
'Cause if you really want me nigga, know you follow all my apps
You can tell your bitch at home you ain't never coming back
Have you yelling "yeet yeet" while you all up in this cat, nigga

Yeah, he took me to it
And he took me to it
And told me bend it over
Told that ass bend it over
