

Hustler

Rob49

Yeah crazy, yeah hustler, that's me
Muscle, what you think?
Pussy, play your lick
I just dropped the lo, I miss my wo
Drug dealer selling coke and dope
I put niggas bitches on go
Everywhere I go, I'm like the pope
I was shooting dice by the sto (okay)
I say this nigga lifeless as it go

I don't know what happened to my savage but I can't turn him down
My girl a freak, I kiss her feet before I eat her out
Two years ago, I ain't have nowhere to live (alright)
Nigga bossed up quick and bought my moms a crib (alright)
A project baby, 22, I'm rich (alright)
December, I was fucked up, you niggas lucked up (alright)
My momma put that dope up, to dodge the task force
Money, sex, drugs, violence that's what they told us (alright)
Was good for the youth
I'm a baby Larry Hoover (alright)
I bless her, hallelujah
I'm fucking her every day
I'm dogging her out every way
Eat pussy, crème brûlée
4 God, the big boss, the real one
I still keep my hammer in case I need to nail something
I still call my hoe in case I miss her
I still call my redbone, vanilla

Yeah crazy, yeah hustler, that's me
Muscle, what you think?
Pussy, play your lick
I just dropped the lo, I miss my wo
Drug dealer selling coke and dope
I put niggas bitches on go
Everywhere I go, I'm like the pope
I was shooting dice by the sto (okay)
I say this nigga lifeless as it go

Yeah, niggas way too shady, my brothers incarcerated
I still be by myself like I ain't got a million haters
They know this youngin' playa, I fuck niggas old ladies
I'm trying make it out, my whole projects think I made it
Lord
Chrome Hearts to match, red Barret bucket hat
Touch weed not the crack
I fuck her from the back like I don't do fronts (alright)
Took a nigga top off like they don't know nothing
Brodie here be sipping, pour 4 up
I'm trying to pay the judge to get the case dropped
I'm trying touch a M to move my moms out
I left my Armini denim at my bitch house
I don't know what happened to my savage but I can't turn him down
My girl a freak, I kiss her feet before I eat her out
Two years ago, I aain't have nowhere to live (alright)
Nigga bossed up quick and bought my moms a crib (alright)
