

# Hustler's Anthem

Rob49

Yeah crazy, yeah hustler, that's me  
Muscle, what you think?  
Pussy, play your lick  
I just dropped the lo, I miss my wo  
Drug dealer selling coke and dope  
I put niggas bitches on go  
Everywhere I go, I'm like the pope  
I was shooting dice by the sto  
I say this nigga lifeless as it go

I don't know what happened to my savage but I can't turn him down  
My girl a freak, I kiss her feet before I eat her out  
Two years ago, I ain't have no where to live  
Nigga bossed up quick and bought my moms a crib

A project baby, 22, I'm rich  
December, I was fucked up, you niggas lucked up  
My momma put that dope up, to dodge the task force  
Money, sex, drugs, violence that's what they told us  
Was good for the youth  
I'm a baby Larry Hoover  
I bless her, hallelujah  
I'm fucking her every day  
I'm dogging her out every way  
Eat pussy, crème brûlée  
4 God, the big boss, the real one  
I still keep my hammer in case I need to nail something  
I still call my hoe in case I miss her  
I still call my redbone, vanilla

Yeah crazy, yeah hustler, that's me  
Muscle what you think  
Pussy play your lick  
I just dropped the lo, I miss my wo  
Drug dealer selling coke and dope  
I put niggas bitches on go  
Everywhere I go, I'm like the pope  
I was shooting dice by the sto (okay)  
I say this nigga lifeless as it go

Yeah, niggas way too shady, my brothers incarcerated  
I still be by myself like I ain't got a million haters  
They know this youngin playa, I fuck niggas old ladies  
I'm trying make it out, my whole projects think I made it  
Lord

Chrome Hearts to match, red Barret bucket hat  
Touch weed not the crack  
I fuck her from the back like I don't do fronts  
Took a nigga top off like they don't know nothing  
Brodie here be sipping, pour 4 up  
I'm trying to pay the judge to get the case dropped  
I'm trying touch a M to move my moms out  
I left Mike Amiri denim at my bitch house

I don't know what happened to my savage but I can't turn him down  
My girl a freak, I kiss her feet before I eat her out

Two years ago, I ain't have no where to live
