

I Can't Hide It

Rob49

So where Rob at?
Yeah
Vulture move
V's up till I freeze up V season
You understand me

Yeah niggas ain't see my vision
They thought I was trippin' for a minute until my trap house made a million
Keep saying free my dawg cuz I won't see him
I came from out the dirt it wasn't easy tryna get that shit I needed
Crazy
Low in jail milly trapping I'm still in lil Haiti
Project full of killers but myself still feel the safest
They gon' turn they back I ain't gonna lie my momma said it
But I ain't take advice, I thought I knew it, but they faded
Still that same nigga from that project
High tech never in my cup I'm on a diet
You can hear that pain in my voice, it's inside me
Imma dawg ass nigga fasho I can't hide it

I can't, I can't hide it
I can't, I can't hide it
When I close my eyes I see my side bitch
I can't, I can't hide it
I can't, I can't hide it
I love all my hoes bae I'm toxic
I can't, I can't hide it
I can't, I can't hide it
When I close my eyes I see my side bitch
I can't, I can't hide it
I can't, I can't hide it
I love all my hoes bae I'm toxic

I'm in demon mode I love some project hoes
The type to drop a nigga lo when I say go
Eviction note stuck to my door that hurt my soul, nigga
My momma strugglin', how the fuck I'm supposed to deal with it
Sell a P, sell a pound, break the pounds down
A real dawg nigga straight from downtown
The way he mixed it up, think he know science
I'm blessed and highly favored on my momma
Crazy I'm a trapper I'm a rapper I'm a savage
But I still pray to my lord like I'm a pastor
In the trap all day like I ain't got shit to lose
I know what I am and I can't hide the truth

I can't, I can't hide it
I can't, I can't hide it
When I close my eyes I see my side bitch
I can't, I can't hide it
I can't, I can't hide it
I love all my hoes bae I'm toxic
I can't, I can't hide it
I can't, I can't hide it
When I close my eyes I see my side bitch
I can't, I can't hide it
I can't, I can't hide it

I love all my hoes bae I'm toxic
