Even though I fuck you every day I still think about her  
Got caught cheating with a groupie, I don't want talk about it  
As long as that bag coming in and I think I love her friend  
I'm toxic as it gets and I scratch bitches off the list  
I bought my heart so you can see it  
I'm that same nigga before the money  
I'm that same nigga before the cars  
This shit don't mean shit to us  
I really put my trust in her  
Can't believe I put my trust in her  
That's probably why she showing off
