Bitch I'm outside and I'm clutching that fire
I don't give a fuck I'm repping 1400 till I die
Need you to chose a side you better decided before you meet your dam damage
Up in the kitchen I'm whipping up dough
Fuck with lil bro then I'm kicking the door
Because of your daughter bitch get on the floor
Get the fuck out my way when I get in that mode

My bitch pretty from her head to her toe
Real hip hop shit run my city on the go
Keep chops big mops on me on the go
Keep it g keep playing lil bitch up the score
Only big bird I ain't never been no crow
I ain't never been no hoe
I ain't never been lil bro he mad

Sucking that D doing whatever I please
I got a plug that can get some coke
Dope pills whatever you need
And I came up off selling weed
Selling weed I was 17
Imma ride with my hittas like I'm Jeezy or I'm YG
And I'm been out my body tweakin' hard off them pills, yeah
Hunnid grand in this bag, on his head now your hittas dead
Fill him up with lead behind some stupid shit he shoulda never said
And I'm out that town where we gon' play how niggas tryna play it
