

# Pill Head

Rob49

Yeah, used to call lil bro a pill head  
Till I took that bitch and understood just what that pill did  
I was 17 skipping school stealing from the mailman  
Waited till he got grown a big gangster I don't feel that  
Told him watch his gang he got a slow leap  
Watch what you say around them niggas I think they police  
He got some pipes from out the blue he said he sold lean

I don't know what's wrong but for some reason I don't trust people  
Yeah know you see us turning  
Up put on your binoculars  
Richer then lil Roddy nem richer than a lot of niggas  
You heard she a good girl cause you ain't see that side of her  
But I saw that side of her that lil hoe be turning up  
I'm feeling like scarface in the trenches with a sling  
I just got shot I'm back outside like I ain't feel a thing  
Yeah I ain't gon' lie that hurt so I ain't gon' tell em what you said  
Shit I send four to press him niggas popping up dead  
Yeah, clutching in the bulletproof 5% the rentals too  
Feelin' vulture  
Mafia turnt up gon' make your hoe a thot  
I'm in the trenches right now bitch come pull up right now  
No that ain't the realest I'll finesse a nigga two times  
Bitch gon' pull up right now  
Yeah, told them niggas come pull up right now  
What's happenin'  
Ye  
Ah bitch come pull up right now  
Yeah keep tellin em niggas come pull up right now

Yeah, used to call lil bro a pill head  
Till I took that bitch and understood just what that pill did  
I was 17 skipping school stealing from the mailman  
Waited till he got grown a big gangster I don't feel that  
Told him watch his gang he got a slow leap  
Watch what you say around them niggas I think they police  
He got some pipes from out the blue he said he sold lean

I don't know what's wrong but for so  
Me reason I don't trust people  
Yeah  
Nigga ain't shit green around here I'm on gang  
I know what'll turn this hoe up and give her safe  
He a rat his daddy a rat all spray  
I hang with some murderer niggas, what you saying  
And I keep my heater on me all in  
December  
I put the chain on and make her suck it with the chain on  
Put that brain on I made lil shawty put that brain on me  
Pay a good lawyer after that got the case drop  
Bitch what you saying I know youngen after his man like he Pacman  
He done lost 10  
0 thousand in a dice game

Your nigga ain't like me
