Rob49

Product of the trenches, been this way since I was little  
I'm dog and she a dog, she think I love her cause I kiss her

I'm getting my money right stacking and investing  
Took my momma out the fucking projects grinding everyday  
I'm showing love but I don't owe her nothing  
Hot boxing the Altima the back to back in Buku foreigners  
SRT when I get board  
Fuck that, let's go meal for meal  
You started this, I finished it  
Treat here good just cause she pretty  
Yeah I'm humble but I'm litty  
I was trying to tell them I was the greatest they ain't see it  
in me  
Before I touch this mic I was been was hype just my bread diffe  
rent  
All us from the booth that's off the flip, all he know is step  
I was trying to be a drug lord like I'm DMF  
I was dead broke starving by myself, niggas ain't never help  
I was trying to throw away my life, niggas ain't tell me nothin  
,

I been selling weed, don't play with crack fiend  
I put her on her knees, but don't trust no skeezer  
The way I dog her out, I know she hate me  
She want me to herself, she crazy

Once I went turned up my fam, I went and put on all my niggas  
I created all my ice 250 in this kennel  
You can tell my bro a real street nigga, he done slip shit  
I be trying to hide my real life from these rap lyrics  
I was out here putting these niggas on, niggas ain't give me no  
thin'  
I was out here stealing niggas money, just be glad I love you  
Savage like my momma, still be trappin' like my daddy  
I'm seventeen in high school putting pounds in the attic
