CONFLICT-RESOLUTION

Robb Bank$

Can't live without you, cause I'm real
The way you smile, the way you look
It drives me wild
And I can't go without you

My whole life been a conflict (Yeah)
But no, not tonight, I can't argue, no, no
Bae, I been thinking about you
But the last thing I'ma try to do is call you
Way too much pride to tell you what I really think
I know that she had bodies on her, the way she suck that dick
Creating scenarios to push you away in my head
But I wanted to have my guard up, my trust issues need a publication

I knew who you was before I made you into a queen
Knew exactly what this was, when you stepped into this thing
Met through DMs on IG, from that alone, I knew it was fake
And I knew you only let me beat, cause of what I do on beats
Shoulda told you leave
When my dawg told me you was not the one (So naive)
Why would we fault, something we can't, control at all?
Baby you want a nigga that's T-R-U (Huh)
But just like the rest of 'em, you can't handle the truth (Huh)
And you don't want no L-I-E in your L-I-F-E (Huh)
But you lied to me, and baby, that ain't healthy, uh (It ain't love)

My whole life been a conflict (Yeah)
But no, not tonight, I can't argue, no, no
Bae, I been thinking about you
But the last thing I'ma try to do is call you
Way too much pride to tell you what I really think
I know that she had bodies on her, the way she suck that dick
Creating scenarios to push you away in my head
But I wanted to have my guard up, my trust issues need a publication

I think Griffith really believes in something—
Griffith sent for you! (I think I might—)
His people believe in him completely
He's got perfect judgement and knows how to take decisive action in a battle
(I think I might be happy)
He's more than just the leader of a mercenary band (Happy)
Griffith!
It's because of Griffith

Don't be afraid of the way you feel
Don't be afraid, baby
Don't be afraid of the way you feel
Don't, don't, don't be afraid, baby
I'll make you surrender (Baby, baby, baby)
To my loving, baby (I'll make you surrender, baby)
I'll make you surrender to my loving, baby (All my loving, baby, yeah)
(So bloody)

Aye, I told her help me wrong all of my rights
I need all that toxicity in my life
I wanna argue with you baby, I wanna fight
I'm still hanging onto what life with you was like

I need that lovin, bitch, keep all that talk concise
I told you last time, I'm running out of time
Tryna get my act together, tryna learn the lines
But the closest to God I've ever been was in this Sprite, no lie (No lie)
Told ... bitch, I ain't wanna let go of you
But that shit don't always go the way you want it to
I'm worried bout love, but I don't go out without at least a .22
Cause these pussies try anything, and they envy you
I'm tryna be positive after I catch a body walking
Contradiction, probably I'm not perfect, all I can do is try be
All my opps is broke, laid down, like they should be
I been makin my rounds through all they hoods like UPS, baby

You the one I really thought was for me (For me)
You the one I really thought earned me (Earned me)
You the one that woke me up early (Early)
You the one with him, while I'm hurtin' (Hurtin')
You the one that not home, like they should be (Should be)
You the one I proceed with caution (Caution)
You took this life for granted, now you salty (Salty)
You took this life for granted, bitch, how could you? (Yeah, yeah, yeah, yea
h, yeah)
Cut my wrists, I hope we meet in the next life
Cut the girl of my dreams out for the dream life
All this money without you by me don't seem right
Call me, I don't wanna forget what you sound like
Arguments and faults, all during my down time
Had me, now you lost me, get your mind right
You pointing out all my flaws for peace of mind
