

I think I might be happy

Two in the cup, three in the cup, four in the cup
Four in the cup, half a O in the blunt
Roll out the pound and we smoking jokes up
Know that your bitch but I don't give a fuck
She know you the opps, my dick in her gut
You ready or not, my chopper gon' bust
And I'm knowing it's up, she say that it's up
It's lifted, came from the trenches
Life changed, I'm moving different
Fast cars, money and women (money and women)
Shorty fine as fuck, I put her in Channel (in Channel)
I'm a well-known flexer, name ringing bells

Yeah, yeah, yeah, yeah, yeah
The top of the coupe, gotta peel
Kurama for real, I'm breaking the seal
Know I keep the Tommy like pickles, no dill
Four to five on drink, on the cool, on the chill (chea)
My Lebanese bitch, she don't speak no English
Say her name like a Pokémon again and again (yeah)
All I know when we fuck (yeah), she bring a friend and a friend (yeah)
And a twin, I went sister-sister (yeah) in the Benz (yeah)
Bitch, I go sister-sister in their throat
Bitch, they like Roger after go home
I might go with twin glizzys on these hoes
Snuck in every pistol Club 54
I'll crash in a minute, don't fuck with my pivot
Bae just take both them balls and just dribble it dribble it
Perc 15 killing me, death to my enemies
Look me in the eye when you suck it, feel the synergy
Two hundred K on my chest, you can't match me
I'm giving out BBC to the Vashties (yuh)
She said she wanna fuck (yuh), psh, bitch gladly
Anytime I'm in it, she be calling me daddy
I'm like what you saying? Your granddaddy Shaggy
Better call a nigga Femto anytime I stab it
I got a Lucy Lu riding my dragon
I don't run outta drink, let me open my cabinet

Two in the cup, three in the cup, four in the cup
