

# Neglect

Robb Bank\$

Hey Cris, fuck you

Yeah, mmh, yeah, mmh, yeah, alright, yeah, yeah, oh, ayy, yeah

Pull up on empty, please don't test me

My sins address me, it's messy

In the bedsheets, yeah she hate me

That was last week, that's the past, see

And she thick just like some cabbage

Don't let me starve, please

Hol' up, trick, lil' penny pinchin' bitch on my dick

Regret hit me like a pill and now I'm lost up in this shit

My life burning like a Backwood, blowin' five G's

Could you save me from my enemy? 'Cause it's probably me

You ever see the world crumble in your hands? Ain't no help out from your mans

And all you got is just yourself writin' thoughts up on t pad

Road to kill but over obstacles I'm rising from the dead, hol' up

They say, "Ayy, Zay, just chill out, what you doin'?"

Oh, you niggas thought you bossed up, left me lookin' stupid

But when I crashed up in this bitch there ain't no point I'm provin'

Can't take what's mine, can't take my pride, 'cause on the ground, I'll prove it

All of respect, collect the check, and then I keep it moving

Ayy, my thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect

My thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect

I'm too numb, neglect, I'm too numb, neglect

I'm too numb, neglect, I'm too numb, neglect, hol' up

My thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect

AKA the best, I was in Austin, Tex'

Met a bitch named Jan, left my dick erect

She like Percocets, now I'm numb like X (On God)

On the tour bus like next, no TV, I got amps

1-800-24, shorty, gotta call me if you want a heartache

Dive in the water, like Kisame, watch KissAnime, watchin' kids up on me, blood

Shoutout Itachi, I'm so clouted, I joined the Akatsuki

Big boss too green-

hearted, I shot up the party 'cause I'm from Ladidadi, bitch

Ayy, my thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect

My thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect

I'm too numb, neglect, I'm too numb, neglect

I'm too numb, neglect, I'm too numb, neglect, hol' up

My thoughts don't collect, I thumb through a check

Came on me, respect, I'm too numb, neglect
