Evil Empire
New York's Down South Supplier
We got it, for cheap
One thousand grams uncut, to the gut

Bad bitch, so low down, Bene Gesserit
I ain't pressing it, the Muad'Dib of such things
The weight they ain't bearing it
Well done, never tender, but some niggas I ain't sharing with
Too poor to say we both hit, don't associate me with broke shit
And your failed business, that's all about bitches and gossiping on pillows
Feel like J Dilla, the way I give the beats to a slum village
Beat the odds, but Broward still my shrine, and I'm still a god
Bitch, I'm me, for any fuck nigga asking "Who am I?"

Evil Empire

Yuh, stick like me, get like me
Peanut butter jelly with the stick, I beam
Big Glock stick on your bitch like beans
Fuck around with me and you gon' see beams
Ayy, stick like me, get like me
Maison Margiela with the stick like me
Fuck nigga play with the set, get beamed
Fuck round with me, nigga get swiss cheesed
Yuh, stick like me, get like me
Peanut butter jelly with the stick, I beam
Big Glock stick on your bitch like beans
Fuck around with me and you gon' see beams

Neck like Voss, two tone cross
Hoes get tossed, niggas get offed
Nigga, I pull up, I find the za
Touchdown on your baby momma like Moss
Nigga, I swear I got five hundred yards
I swapped out the Bentley to drive her lil' car
I shift in the Civic, I score while I pivot
I'm buying the bundles, I'm giving her inches
As long as she suck it, as long as she lick it
She'll look like Caresha, nigga, no Diddy
Burberry'd down even when a nigga chillin
I be dressed for the baby shower 'fore I hit her
Twenty four hours, I be stuntin' on niggas
Lil' Rich Gang, Lil' Birdman, nigga
Ain't shit sweet, but the syrup, lil' nigga
Nigga play round, get burnt, lil' nigga

Yuh, stick like me, get like me
Peanut butter jelly with the stick, I beam
Big Glock stick on your bitch like beans
Fuck around with me and you gon' see beams
Yuh, stick like me, get like me
Peanut butter jelly with the stick, I beam
Big Glock stick on your bitch like beans
Fuck around with me and you gon' see beams
