Twenty stripper bitches to the room, we all date  
Bad hoes love to watch the SSET pop flavour  
I'm on two pills, outer space, Darth Vader  
You can fuck my bitch, I'll fuck your bitch, that's not my main one

How you get that clout, iced out my mouth, I talk plays  
Last night I fucked a bitch that sucked on my dick in 8th grade

Butt naked strippers biting on my pillow  
'Fore you eat it, peel it, now they call me Griffith  
S-Class mission, your pussy stink, I smell it  
These niggas gon' speak on your name, then smile to your face, I ain't with it  
Nigga try to ride my wave, you got the keys, but you can't whip it  
Wrist that's on her face, dressed like Spinelli, bitch I'm dripping  
Fly in before I land, I ain't capping, I'm for real, bitch  
Young nigga just here, weak, sipping on Karo, but we perscript it  
Presidential, all my whips bulletproof  
Rollie 30, plain jane, that's the oyster  
Kurama with the rope chain who [?]  
Dip it in ammonia like the diamonds lost the look  
My old bitch a dub, can't believe I let you break my heart  
I ain't ever want no fame, cooler, told me big gete star  
"Phone, you the main attraction, you ain't gotta hold your fire no more"  
Never trust a nigga with my life, not again, I don't trust a soul

Twenty stripper bitches to the room, we all date  
Bad hoes love to watch the SSET pop flavour  
I'm on two pills, outer space, Darth Vader  
You can fuck my bitch, I'll fuck your bitch, that's not my main one
